

ENGINEERED FOR HIGH-ABRASION PERFORMANCE

GS™

High-performance braided carrier rope designed for demanding paper machine applications.

1

High-abrasion performance

Engineered for demanding high-abrasion applications.

2

Coater-ready

A strong fit for coater positions.

3

Industry-proven

Trusted in paper and paperboard mills.

4

Reliable performance

Designed to deliver the reliability modern machines require.

MANUFACTURING SPECIFICATIONS

GS™ - High-abrasion carrier rope

Engineered for high-abrasion applications and a strong fit for coater positions. Industry-proven and trusted in paper and paperboard mills.
